

JDRF Walk

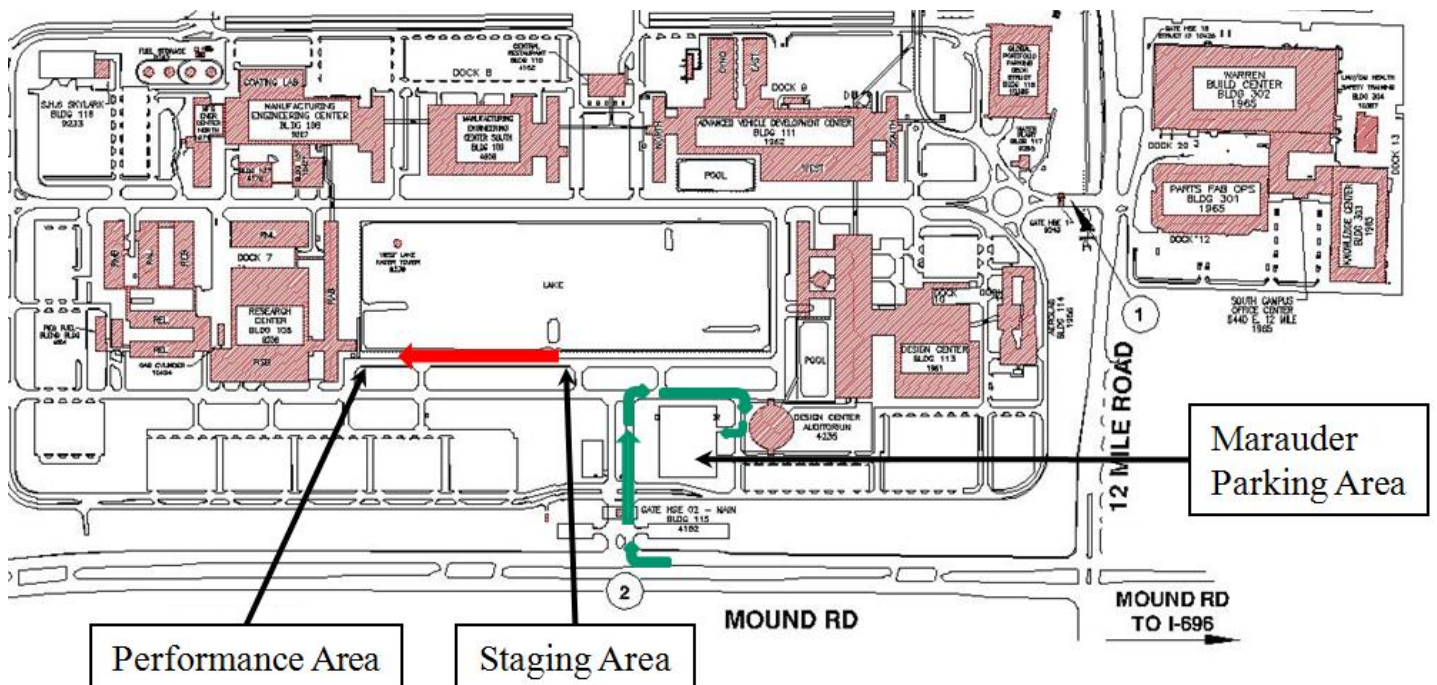

Sunday, September 25, 2011

Once again the Warren Mott High School Marching Band will lead this year's JDRF Walk on **Sunday, September 25th**, starting at **9:30am** at the General Motors Technical Center.

Arrival time for band members is **8:45am** in the Marauder Parking Area within the GM Tech Center grounds. No transportation is being provided. The map below details the exact location and route to take. Enter the grounds from Mound Road through Gate 2 (identified on map). Volunteers will help direct vehicles to the parking area. The band must be staged in the Staging Area no later than **9:15am**. The performance should conclude by **10:30am**.

A parking pass is required to enter the grounds (on back of this letter). It must be clearly visible to volunteers through the front windshield of each vehicle. The band is asked to not display these passes in vehicles until the day of the event.

Students who have large instruments will load them onto the trailer at the high school on Friday and get them at the event. The outfit to be worn will be dependent on the weather. Students will be informed by Mr. Miller closer to the event date on what to wear. Students must bring their flip folders!

JDRF

September 25, 2011

Enter GM Tech Center from Mound Road

Please place in windshield – VISIBLE TO JDRF VOLUNTEERS – while entering Tech Center grounds. This helps volunteers guide participants to where the band is WITHOUT STOPPING and disrupting the incredible flow of traffic that this event brings. Remember “if one vehicle stops – everyone behind stops”.
