

**Warren Mott Band Club  
Student Scholarship Account Agreement**

The Warren Mott Band Club (WMBC) is an organization that supports the instrumental music education at Warren Mott High School. When possible the WMBC makes fundraising available to students enrolled in the band program. The students receive credits in their individual student Scholarship account as they fundraise, according to the rules of each individual fundraiser.

The student must submit a receipt to the student account treasurer for reimbursement from their student scholarship account for band related expenses. If there is any credit left in the student scholarship account after a student leaves the program, the student must use the credit in the above manner, in the time limit set by the WMBC By-laws. The credits may be used for reimbursement for a college music course after graduation, but must be used in the time allotted by the WMBC By-laws. There is never a time when any credit left over will be issued to a student without valid receipts.
